The first time you sign in to the game, you'll learn briefly how it works through the built-in guidance system. The player will be taken to a middle-of-the-sea setting where the islands are located close to each other. This makes pirates – especially Viking tribes willing to fight each other to dispute the huge food and resources of neighboring islands. Lucky rotationYou may not know, what dominates all the activities in this game is a spin of luck. Can give you a lot of important features such as additional attacking time, money, defensive shield. However, you need to have luck if you want to get attractive rewards from spin sewing because it's all random. Players can earn valuable items by spinning coins or gold and then you can build and upgrade the in-game village with ease. Besides, you can also a protective shield to protect the village from attack by other pirates. Attack and plunder resourcesAfter spinning multiple attack boxes, players can use them to attack other opponents and plunder resources. Attacking or looting from enemies is an effective way to save loot for the purpose of building your village. If unlucky, you can only break the defenses of the surrounding villages. But if they do not integrate any defense systems, you can destroy the fortress and slow down their development immediately, thus bringing valuable wares. However, do not forget to ensure the safety of your village. Because enemies can attack and destroy your building at any time. This will cause you to suffer extremely severe consequences and will have to rebuild everything from 0. So equip a lot of defensive shields to avoid unexpected attacks from another competitor. The Coin Master Championship Rankings are available to all players worldwide. Because this is an online game where you will have to attack and steal items from other opponents. Build and accumulate points as the first to rank. Beautiful graphics, although the graphics quality of Coin Master only stops at 3D, what this game brings still makes us feel extremely satisfied. And Coin Master is an example. If you expect a simple pirate style game that lets you steal your friends' resources to build your own village, then Coin Master is the game for you. You will be converted into a pirate, making money in the form of lucky spins, or plundering friends' villages. Coin Master will bring you a sense of excitement and excitement. Coin Master is a pirate-style game of Moon Active released on both Android and iOS platforms. The game was created as a re-version of all the problems that Pirate Kings has encountered and made itself dead. It is still your job to build your own village. And you will have to lead an army of pirates to take over, destroy and rob the resources of other villages to build your village. Starting the game, you will go to a deserted island, set up your village and start building the first buildings. You can build houses, build statues, build animal shelters, a small garden and a boat to travel. You will need money, a lot of money to upgrade your village increasingly beautiful and earn a lot of stars. The star is the unit to compare the player's wealth, not gold. When you upgrade all buildings on the island to a certain level, you can unlock more new islands. Wheel of Luck – The soul of the game!The wheel of luck is the most important feature of Coin Master, where you can try your luck. Every time you shoot, you will have the opportunity to receive gold coins, shields, the opportunity to attack other villages or steal money from a friend. Catching three coins or gold coin symbols will give you a lot of money or get three hammers to give you the chance to attack a village. To get a shield that protects your village from attacks by other players, you need to get three shields in a row. Especially having the symbol of 3 pink pigs will give you the opportunity to steal money from other players. Pirates as a real pirate!The wheel of luck is not the only way to make money. Besides, you can go looting from other players. Destroying buildings, or simply robbing money, will help you get rich. Attack and destroy entire enemy villages, take revenge on those who attack you and take back what you have. If you get the thunder hammer, you will destroy a building in the enemy's village, and get a corresponding amount. If you get the pink pig, you will get three times to steal gold coins. This will bring you a large amount of money. It is extremely difficult to get three pink pigs. Championship standings!
